Membership Commitment 5771

The Brattleboro Area Jewish Community depends upon the support of the membership to be an active, viable Jewish congregation. Membership dues establish our basic operating budget. It is our hope that if you can afford to pay more than the basic membership dues you will become a sustaining or contributing member to enable us to provide more than just the basic services for the community, to continue our policy of welcoming everyone, regardless of ability to pay, and to contribute toward needed scholarships for Hebrew school. However, if you cannot pay the basic dues, please contact the Temple Administrator or President to discuss our abatement schedule/other arrangements. **We do not turn anyone away who wishes to be a member.** Special arrangements are kept in complete confidence.
