Membership Commitment 5772

BAJC depends membership support to be an active, viable Jewish congregation. It is our hope that if you can afford to pay more than the basic membership you will become a sustaining member, enabling us to provide more than just the basic services for the community, to continue our policy of welcoming everyone, regardless of ability to pay, and to contribute toward needed scholarships for Hebrew school. However, if you cannot pay the basic commitment, please contact the Temple Administrator or President. **We do not turn anyone away who wishes to be a member.** Special arrangements are kept in complete confidence.

If your contact information has not changed from last year,
just fill out the pledge portion below the dotted line.
